TOOLS

- Chip Brushes
- Wallpaper/ Strie Brush
- Rags
- Blue Paper Towels

- 1 | **BASECOAT** in a satin finish latex paint, color of your choice.
- 2 | **BRUSH** on texture mixture of Venetian Plaster and Soapstone tinted to SW Coastal Plain in horizontal direction (*Photo 1*). Let dry.
- 3 | **BRUSH** on second layer of texture mixture in vertical direction. You can use a wallpaper or chip brush to create a stronger texture (*Photo 2*). Let dry.
- 4 | **IN A GRADATION**, apply mixtures of Slow Dry Fluid Acrylic colors mixed with Sheer Glazing Medium, starting with Titanium White and transitioning to Phthalo Blue & Green, into darker Payne's Gray mixture and Slow Dry Fluid Acrylic Raw Umber, mixing on the surface and wiping out with rags (*Photos 3-5*).
- 5 | **BLEND** and work until satisfied. Use a blue towel to lightly wipe off surface to reveal more of the grasscloth texture (*Photo 6*). Here is the completed finish (*Photo 7*).
